INTRODUCTION

The Mineral County Library Five-Year Plan identifies the goals, objectives, and key initiatives that allow this library to meet the changing needs of its patrons. The plan is consistent with the intent of the Library Services and Technology Act (LSTA) federal program and the Nevada State Library and Archives LSTA Five-Year State Plan.

The Plan was developed with input from Library Board of Trustees members and staff members. With a small staff that regularly communicates with patrons, this Library has its finger on the pulse of what patrons want. This Plan reflects the intent to meet patron needs with the excellence that has always been a mark of this Library.

VISION STATEMENT

It is the vision of the Library to grow and encompass all the current and future informational, educational, and entertainment needs of the community as it progresses.

MISSION STATEMENT

It is the mission of the Library to provide library services for the betterment, education, and entertainment of the entire spectrum of this community, thereby enabling patrons and visitors to know and develop their potential through the benefits of effective library services.

OBJECTIVE

The Library's overall objective is to provide excellence in library services to the public. Our main efforts will be in maintaining and expanding our collections, developing programs to meet the needs of patrons, and providing library users access to technological advances.

The library administration must be mindful not only of the library materials and technological services and equipment needed to accomplish these goals, but also of the demands placed on our staff. We must maintain staffing levels, provide good salaries and benefits, and provide educational opportunities to the staff.

We emphasize the need to educate and inform the public concerning the availability of our services and the Library's commitment to providing effective services. The Library strives to attract new patrons and provide service to a greater number of residents. We do this by offering and promoting quality library services.
